

Welcome to **Jamboree Fall 2009!!**

We are excitedly looking forward to this weekend, which promises to be a weekend full of fun, friends and SOCCER! Below are a few notes on what you can expect this weekend when you child participates in the Jamboree.

Jamboree is a one day festival, specifically designed for younger children. It will give them a chance to experience the fun side of soccer, with no pressure of a normal tournament. **There are no standings kept, and every participant will receive an award.**

Coaches and players need to be on their assigned field 15 minutes prior to the start of each game. We have a tight schedule at each site and we do not want to get behind.

Each child will be receiving a tournament keepsake in addition to their participation award.

In order to foster the festival type of atmosphere, we have arranged a few activities to be available on site. Some of these things include: a giant slide, moon bounce, and soccer shooting games. These activities are free of charge. We simply ask that all players, guests and siblings abide by the safety rules set forth by the safety monitors.

We will have t-shirts for sale and a concession stand.

Please be careful when driving through the parking lots, and obey the no parking signs. We have been warned that the police will be keeping an eye on the site with their ticket books ready. Allow extra time to find a parking space, and be mindful of our little players who may be darting out and around the lots... when you least expect it... they will be very excited, and probably not paying attention to traffic.

We are very excited about this season's event. We have strived to make it a day to remember. If you find yourself in need of something, have questions or concerns; please visit our information desk where a site coordinator is waiting to help you.

Lastly, I would like to thank all of our volunteers who will come together to make this a great day for over 740 kids (yes, that's right, 740!) Please be sure to give a smile to our volunteers working throughout the day. Without them it would not be possible.

See you on the fields!

Denise Kling
